

Medical Office Answering Services

We answer calls for renowned medical institutions, health centers and practices in the Boston, Massachusetts area and nationwide. Healthcare providers trust us to assist their callers with problem situations, page medical professionals, when necessary and take routine messages for their administrative personnel.

All of our customer service representatives are trained in HIPAA (Health Insurance Portability and Accountability Act) procedures. We understand the importance of confidentiality in all aspects of business operations.

Contact us today for more information on how MASCO Services can help your medical facility cut costs and increase patient satisfaction.
